ABOUT LE PONT SUPERIEUR in Rennes

Le Pont Supérieur is a French Higher Education Institute specialising in performing arts, dance and musique. The Institute offers undergraduate and postgraduate training courses, under the tutelage of the Ministry of Culture. As an Inter-regional school, associated with the universities of Nantes, Rennes 2 and Angers, the courses are offered in close coordination with the partners of the performing arts at Inter-regional and National levels, so that the students benefit from strong artistic and professional roots.

The Master's Degree in performing arts "traditional music artist" is unique in France. Scenic representation of a personal artistic project as well as the submission of a research thesis are prerequisites in the awarding of this diploma.

Our new building, shared with the Conservatory of Rennes, opened in September 2021.
